Comments by directors

Comments on the following matters are required by ASX or, in relation to the half yearly report, by AASB 1029: Half-Year Accounts and Consolidated Accounts. The comments do not take the place of the directors' report and statement (as required by the Corporations Law) and may be incorporated into the directors' report and statement. For both half yearly and preliminary final reports, if there are no comments in a section, state NIL. If there is insufficient space to comment, attach notes to this report.

Basis of accounts preparation

Material factors affecting the revenues and expenses of the economic entity for the current period

Refer to separate accompanying Directors report

A description of each event since the end of the current period which has had a material effect and is not related to matters already reported, with financial effect quantified (if possible)

Not Applicable

Franking credits available and prospects for paying fully or partly franked dividends for at least the next year

The balance of the franking credits available to the consolidated entity at 31 December 2000 was \$39.9 million.

It is expected that dividends paid during the next twelve months will be partly franked, principally out of the franking credits that will arise in that period.

Changes in accounting policies since the last annual report are disclosed as follows.

(Disclose changes in the half yearly report in accordance with paragraph 15(c) of AASB 1029: Half-Year Accounts and Consolidated Accounts. Disclose changes in the preliminary final report in accordance with AASB 1001: Accounting Policies-Disclosure.)

Notes

- For announcement to the market** The percentage changes referred to in this section are the percentage changes calculated by comparing the current period's figures with those for the previous corresponding period. Do not show percentage changes if the change is from profit to loss or loss to profit, but still show whether the change was up or down. If changes in accounting policies or procedures have had a material effect on reported figures, do not show either directional or percentage changes in profits. Explain the reason for the omissions in the note at the end of the announcement section.
- True and fair view** If this report does not give a true and fair view of a matter (for example, because compliance with an Accounting Standard is required) the entity must attach a note providing additional information and explanations to give a true and fair view.
- Consolidated profit and loss account**
 - Item 1.1 The definition of "operating revenue" and an explanation of "sales revenue" (or its equivalent) and "other revenue" are set out in *AASB 1004: Disclosure of Operating Revenue*.
 - Item 1.2 'Share of associates' "net profit (loss) attributable to members" would form part of "other revenue" in *AASB 1004* to the extent that a profit is to be reported. ASX has elected to require disclosure of a share of a loss in the same location for consistency of presentation.
 - Item 1.4 "operating profit (loss) before abnormal items and tax" is calculated before dealing with outside +equity interests and extraordinary items, but after deducting interest on borrowings, depreciation and amortisation.

+ See chapter 19 for defined terms.

- Item 1.7 This item refers to the total tax attributable to the amount shown in item 1.6. Tax includes income tax and capital gains tax (if any) but excludes taxes treated as operating expenses (eg, fringe benefits tax).
4. **Income tax** If the amount provided for income tax in this report differs (or would differ but for compensatory items) by more than 15% from the amount of income tax *prima facie* payable on the profit before tax, the entity must explain in a note the major items responsible for the difference and their amounts.
5. **Consolidated balance sheet**
Format The format of the consolidated balance sheet should be followed as closely as possible. However, additional items may be added if greater clarity of exposition will be achieved, provided the disclosure still meets the requirements of *AASB 1029* and *AASB 1034*. Banking institutions, trusts and financial institutions identified in an ASIC Class Order dated 2 September 1997 may substitute a clear liquidity ranking for the Current/Non-Current classification.
- Basis of revaluation** If there has been a material revaluation of non-current assets (including investments) since the last +annual report, the entity must describe the basis of revaluation adopted. The description must meet the requirements of *AASB 1010: Accounting for the Revaluation of Non-Current Assets*. If the entity has adopted a procedure of regular revaluation, the basis for which has been disclosed and has not changed, no additional disclosure is required. Trusts should also note paragraph 10 of *AASB 1029* and paragraph 11 of *AASB 1030: Application of Accounting Standards etc.*
6. **Statement of cash flows** For definitions of “cash” and other terms used in this report see *AASB 1026: Statement of Cash Flows*. Entities should follow the form as closely as possible, but variations are permitted if the directors (in the case of a trust, the management company) believe that this presentation is inappropriate. However, the presentation adopted must meet the requirements of *AASB 1026*. +Mining exploration entities may use the form of cash flow statement in Appendix 5B.
7. **Net tangible asset backing** Net tangible assets are determined by deducting from total tangible assets all claims on those assets ranking ahead of the +ordinary securities (ie, all liabilities, preference shares, outside +equity interests etc). +Mining entities are *not* required to state a net tangible asset backing per +ordinary security.
8. **Gain and loss of control over entities** The gain or loss must be disclosed if it has a material effect on the +accounts. Details must include the contribution for each gain or loss that increased or decreased the entity’s consolidated profit (loss) from ordinary activities and extraordinary items after tax by more than 5% compared to the previous corresponding period.
9. **Rounding of figures** This report anticipates that the information required is given to the nearest \$1,000. However, an entity may report exact figures, if the \$Amillions headings are amended. If an entity qualifies under ASIC Class Order 98/0100 dated 10 July 1998, it may report to the nearest million dollars, or to the nearest \$100,000, if the \$Amillions headings are amended.

+ See chapter 19 for defined terms.

Appendix 4B (rule 4.13(a))
Half yearly/~~preliminary~~ final report

10. **Comparative figures** Comparative figures are the unadjusted figures from the previous corresponding period. However, if there is a lack of comparability, a note explaining the position should be attached.
11. **Comparative figures when equity accounted information first included in the accounts** There will be a lack of comparability in the figures for the previous corresponding period when equity accounted information is first included if this information has a material effect on the consolidated accounts. If it does have a material effect, attach a note providing a better comparison by restating “Operating profit (loss) after tax attributable to members” (item 1.10) and “Investments in associates” (item 48) for the previous corresponding period to incorporate equity accounted information. In addition, as required by Note 1, no directional or percentage changes in profit are to be reported in the “For announcement to the market” section. Where the disclosures were not previously required in Appendix 4B, no comparatives need be shown.
12. **Additional information** An entity may disclose additional information about any matter, and must do so if the information is material to an understanding of the reports. The information may be an expansion of the material contained in this report, or contained in a note attached to the report. The requirement under the listing rules for an entity to complete this report does not prevent the entity issuing reports more frequently. Additional material lodged with the +ASIC under the Corporations Law must also be given to ASX. For example, a directors’ report and statement, if lodged with the +ASIC, must be given to ASX.
13. **Accounting Standards** ASX will accept, for example, the use of International Accounting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if one) must be complied with.
14. **Corporations Law financial statements** As at 1/7/96, this report may be able to be used by an entity required to comply with the Corporations Law as part of its half-year financial statements if prepared in accordance with Australian Accounting Standards.
15. **Issued and quoted securities** The issue price and amount paid up is not required in items 18.1 and 18.3 for fully paid securities.

+ See chapter 19 for defined terms.

Total revenue (item 1.3a) and operating profit before abnormal items and tax (item 1.4) are comprised as follows:

	Current period \$A millions	Previous Corresponding Period \$A millions
Operating revenue		
Continuing operations	1,852.2	1,011.6
Property operations	9.7	8.2
Total (item 1.3a)	1,861.9	1,019.8
Operating profit before borrowing costs, abnormal items and income tax		
Continuing operations	306.6	265.1
Property operations	(0.5)	(0.5)

Property operations

The consolidated entity is continuing its orderly withdrawal from real property activities, comprising the development, sale and rental of residential, commercial and industrial properties and the sale of properties surplus to the requirements of the consolidated entity. Accordingly, operating revenue and operating profit before borrowing costs, abnormal items and income tax attributable to property activities have been separately identified from continuing operations.

Tax expense applicable to operating profit (item 1.7) is arrived at as follows:

	Current period \$A millions	Previous Corresponding Period \$A millions
Prima facie tax expense at 34% (1999: 36%)	(74.3)	(73.8)
Add/deduct tax effect of permanent differences:		
Non-allowable expenditure	(4.6)	(5.3)
Non-assessable revenue	5.0	2.2
Equity accounted profits of associates and joint venture entities	2.9	14.3
