

AGL energy plan fact sheet.

AGL Advantage® 5 Energy Plan

5% off your usage charges¹

Queensland, residential customers, gas or electricity

This price fact sheet contains information relating to an AGL Advantage® 5 Energy Plan for gas or electricity as relevant, including AGL Green Choice™ options for electricity. These Energy Plans may not be available to all customers. Eligibility requirements are outlined at the end of this document.

The estimated annual costs set out in this price fact sheet are indicative only. Calculations assume demand for gas or electricity is constant during a full year. Your costs may be different from the estimated annual costs depending on:

- > your consumption of gas or electricity,
- > the pattern of your gas or electricity consumption over a full year,
- > your usage of off-peak electricity (where applicable), and
- > variations in the rates for gas or electricity charged by AGL over the term of the energy plan.

AGL Advantage® 5 Energy Plans are 24-month fixed-term contracts. AGL may vary the gas or electricity rates with prior written notice.

When you add one of AGL's Green Choice™ options to your AGL Advantage® 5 Electricity Plan, AGL will source electricity equal to the selected percentage (10% for Green Spirit, 20% for Green Living, or 100% for AGL Green Energy®) of your electricity consumption from renewable energy sources that are approved under the National GreenPower Accreditation Program.

All estimated costs, discounts, fees or other amounts outlined below are inclusive of GST.

AGL Green Choice™ (electricity only)

Option	Units	GST Incl
AGL Green Spirit (10% Green)	\$/week	1.10
AGL Green Living (20% Green)	\$/week	1.80
AGL Green Energy® (100% Green)	c/kWh	5.5

Estimated annual gas costs

	South Brisbane, Gold Coast, Toowoomba and Oakey areas	Brisbane North and Ipswich areas
5 GJ (consumed over 12 months)	\$460.79	\$418.46
10 GJ (consumed over 12 months)	\$576.95	\$572.49
15 GJ (consumed over 12 months)	\$685.68	\$726.53

¹ The discount is a **5% discount** off the amount payable for your applicable peak, off-peak or shoulder energy usage, and will appear as a separate credit (GST exclusive) on your bills. The discount does not apply, for example, to fixed daily energy service or supply charges, demand usage or AGL Green Choice™ charges.

Additional information

Fees and Charges	GST Incl
Account establishment fee (electricity)	N/A
Account establishment fee (gas)	\$33.00
Dishonoured payment fee (cheque)	\$20.50
Dishonoured payment fee (Direct Debit)	\$13.75
Late payment fee	\$14.00
Early termination fee	\$75.00 within the first 12 months for each energy type
Early termination fee	\$50.00 within the second 12 months for each energy type
Payment processing fee	1% of the total payment amount, if you pay a bill using a payment method that results in us incurring a merchant services fee, including payment by debit or credit card.
Other fees and charges	Other charges relating to your meter or supply address may apply under these energy plans. See the gas or electricity Fee Schedule and General Terms brochure.

Other benefits

- > **\$50 voucher:** valid for any AGL Assist service (a minimum spend of \$50) or appliance purchase at the AGL Assist Showroom (a minimum spend of \$400).
- > **Our fair pricing promise:** if your Advantage Energy Plan bill is higher than it would be under a relevant standard energy plan², you can end your Advantage plan without paying the early termination fee. Conditions apply. See General Terms for details or visit agl.com.au
- > **Movers guarantee:** if you end your Advantage Energy Plan because you are moving to a new supply address, we will waive the early termination fee, if:
 - > you accept the market offer we make to you to sell you energy at the new supply address; or
 - > we cannot make an offer because we do not sell energy in the area.

Why AGL?

- > We have one of Australia's largest retail electricity and gas customer bases with more than 3.2 million customer accounts.
- > We were the first Australian energy company to provide an accredited green energy product as well as the first to join the Chicago Climate Exchange, the world's first carbon trading exchange.
- > We have invested over \$2 billion in renewable energy generation.
- > We offer a range of payment options to make paying your bills even easier.
- > AGL Assist can deliver reliable and friendly electricians or gas plumbers. Visit agl.com.au/Assist or call AGL Assist on **131 766**.
- > With AGL Energy Online you can manage your energy account online 24/7, including setting up paperless bills, Direct Debit and more. Go to agl.com.au

Eligibility for this Energy Plan

- > These energy plans are only available to customers connected to the distribution system with a residential network tariff.
- > Eligibility also depends upon your geographic location, meter type and configuration.

The information in this price fact sheet applies to energy plans which are available at AGL's discretion. If you have not received this price fact sheet because it applies to an energy plan that you have accepted, please contact AGL on **131 245** to confirm its availability and your eligibility.

² A standard energy plan is the no-discount plan AGL is required to offer you at your supply address under energy regulation. If AGL does not have that obligation, then refer to the standard energy contract of the retailer that does.
