

AGL energy plan fact sheet

AGL Advantage® – Queensland

This Offer Fact Sheet contains information relating to an Advantage Gas Energy Plan and an Advantage Electricity Energy Plan as relevant. These Energy Plans may not be available to all customers. Availability will depend upon your geographical location, consumption levels, and meter type and configuration. Please call AGL on **131 245** to confirm your eligibility for these Energy Plans.

The costs set out in this Offer Fact Sheet are indicative costs only. Calculations assume demand for energy is constant during a full year. Your actual costs may be different from those in this Offer Fact Sheet and will depend on:

- > your actual consumption of electricity and/or gas
- > the pattern of your electricity and/or gas consumption over a full year
- > your actual usage of off-peak electricity (where applicable), and
- > variations in the rates charged by AGL over the term.

These Energy Plans are available to residential customers on a 24-month fixed-term contract. The General Terms for these Energy Plans will provide details on how the rates may vary. The information in this fact sheet applies to Energy Plans, which are available at AGL's discretion. If you are interested in entering into one of the Energy Plans please contact AGL to confirm its availability and your eligibility.

When you add one of AGL's Green Choice™ products to your AGL Energy Electricity Plan, AGL will source electricity equal to 10% (Green Spirit), 20% (Green Living) or 100% (AGL Green Energy®) of your entire household electricity consumption from renewable energy sources, that are approved under the National GreenPower Accreditation Program.

All estimated costs, discounts or fees outlined below are inclusive of GST.
