

AGL energy plan fact sheet

Facts.

AGL Freedom® 3% – South Australia

This Offer Fact Sheet contains information relating to a Freedom Gas Energy Plan and a Freedom Electricity Energy Plan as relevant. These Energy Plans may not be available to all customers. Availability will depend upon your geographical location, consumption levels, and meter type and configuration. Please call AGL on **131 245** to confirm your eligibility for these Energy Plans.

The costs set out in this Offer Fact Sheet are indicative costs only. The estimated energy costs below include a 3% discount off the amount payable for your energy usage. The discount will appear as a separate credit (GST exclusive) on your bills and does not apply, for example, to fixed daily energy service or supply charges, demand usage or AGL Green Choice™ charges. Calculations assume demand for energy is constant during a full year. Your actual costs may be different from those in this Offer Fact Sheet and will depend on:

- > your actual consumption of electricity and/or gas
- > the pattern of your electricity and/or gas consumption over a full year
- > your actual usage of off-peak electricity (where applicable) and
- > variations in the rates charged by AGL over the term.

The General Terms for these Energy Plans will provide details on how the rates may vary. The information in this fact sheet applies to Energy Plans, which are available at AGL's discretion. If you are interested in entering into one of the Energy Plans please contact AGL to confirm its availability and your eligibility.

When you add one of AGL's Green Choice™ products to your AGL Energy Electricity Plan, AGL will source electricity equal to 10% (Green Spirit), 20% (Green Living) or 100% (AGL Green Energy®) of your entire household electricity consumption from renewable energy sources, that are approved under the National GreenPower Accreditation Program.

All estimated costs, discounts or fees outlined below are inclusive of GST.

Energy in
action.®

Estimated annual electricity costs*

Consumption over 12 months

2 MWh	\$583.20
5 MWh	\$1,243.62

Other benefits

- > \$50 voucher valid at AGL Assist (a minimum spend of \$50) or AGL Energy Shop (a minimum spend of \$400).
- > For customers on the AGL Green Spirit option, AGL will supply the electricity grid with an amount of electricity equal to 10% of the total electricity consumption at your supply address from GreenPower accredited renewable energy sources.

Why AGL?

- > We have Australia's largest retail electricity and gas customer base with more than 3.2 million customer accounts.
- > We were the first Australian energy company to provide an accredited green energy product as well as the first to join the Chicago Climate Exchange, the world's first carbon trading exchange.
- > We have invested over \$2 billion in renewable energy generation.
- > We offer a range of payment options to make paying your bills even easier.
- > Your local AGL Energy Shop has a great range of appliances. Visit [agl.com.au/EnergyShop](https://www.agl.com.au/EnergyShop) to find your nearest shop.
- > AGL Assist can deliver reliable and friendly electricians or gas plumbers. Visit [agl.com.au/assist](https://www.agl.com.au/assist) or call AGL Assist on **131 766**.

Eligibility for this Energy Plan

- > To be eligible for gas, your home must be connected to the natural gas distribution system.
- > Eligibility will depend upon your geographical location, consumption level, meter type and configuration.
