PEAK AND OFF PEAK TIMES - VICTORIAN GAS CUSTOMERS

For customers situated in the Multinet Distribution Zone, Peak rates apply from May 1 to October 31 inclusive. Off Peak rates apply all other times.
For customers situated in the Envestra Murray Valley Distribution Zone, a single rate applies at all times.
For all other customers, Peak rates apply from June 1 to September 30 inclusive. Off Peak rates apply all other times.

Which Distribution zone am I in?
Some Gas bills contain information on which your Gas Distribution zone your property is (in the faults and emergencies section)
If you cannot find this information on your Gas bill, you can use the table below to match your postcode to the relevant Distribution Zone.
Tip: use the find function in Adobe to locate your postcode. Hit ctrl-f to access this feature.
You can also find out which Gas Distribution zone applies to you by using AGL's postcode checker found here

If you are still unsure as to your distributor/ distribution zone type please call us on 131 245 and we'll be more than happy to assist you.

NOTE: Some postcodes may contain shared boundaries with more than one distributor
If you are still unsure as to your distributor/ distribution zone type please call us on 131 245 and we'll be more than happy to assist you.

The initial Charges are based on available information and certain assumptions including about your distribution region, meter type and network tariff. If we subsequently determine that the information used to determine the initial Charges was incorrect, we may vary the initial Charges, and will advise you of the new Charges that will apply to your Energy Plan from its commencement. In any such case, we will contact you and advise you of your options.
