

Bec Hunt

Carbon Marketing Strategy Manager

Bec Hunt is the Carbon Marketing Strategy Manager with AGL Energy. In this role, Bec is responsible for managing AGL's strategic carbon positioning and market development activity for the Corporate and Merchant sectors. Bec is also responsible for commercial development and business support to AGL's Carbon Solutions and Major Customer business units.

Bec joined AGL in 2003, prior to her current role, she held various responsibilities within AGL including establishing AGL's Operational Risk function. Most recently, Bec was responsible for market development in relation to AGL's Industrial and Commercial customer base which saw the introduction of a Business Sustainability Program and the first publically available energy efficiency self diagnostic in the Australian market.

Prior to working with AGL, Bec was employed as a Management Consultant specialising in Risk Management in the Corporate and Trading sectors.

Bec is 30 and holds an MBA and Post Graduate degrees in both Risk and Practising Accounting.
