Questions?

Construction Update

Luke Taylor, GE-Catcon Project Manager

Community Update

Clares Wilkes, AGL Government and Community Relations
Ray King, AGL Site Representative

Community Update

Clare Wilkes

- 1. Meet the Constructor Forums**
- 2. Telecommunication update**
- 3. Community Fund update**
- 4. Community Fund Panel**
- 5. Role of the CCC**

Installation of a 3 kW system is offered to households within 2km of the wind farm site:

- **A 3 kW system will significantly reduce power bills over the 25 year operational life.**
- **The solar panels will be installed by a solar installation company chosen by AGL;**
- **The contractual relationship (including warranties) will remain between the installing contractor and landowner.**

Progress to date:

- **Approximately 40% contacted to date;**
- **Approximately 25% agreed scope of work and materials in progress;**
- **1 project completed and 3 progressing**

Community Fund

Tim Knill, AGL Coopers Gap Construction Manager

First round of Community Funding
