action.®

31 October 2011

Dear local resident,

You may be aware that AGL has been in discussion with local landowners to host pilot gas wells.

As part of this process we will be upgrading a number of existing roads and tracks in consultation with the affected landowners.

This work is planned to commence in the second week of November.

We are acutely aware of the community sensitivity around our proposed operations and would value the opportunity to meet with you to discuss these proposed work activities in more detail.

AGL staff will be available to answer any questions or concerns on Monday 7<sup>th</sup> November at the Gloucester office between 2pm-3pm and 6pm-7pm.

Alternatively, if you cannot make it to our site office a member of the project team can meet with you in person. We will be visiting other local residents in Forbesdale over the next few days. If you would like to meet with us please contact us on 02 6558 1166 to arrange a suitable time.

We look forward to hearing from you.

Kind regards,
