

AGL is proud to support the Stroud Show.

Come and meet the AGL team at our Stroud Show stand.

AGL is proud to work side by side local families, farmers, councils, community groups and businesses.

We'll be at the Stroud Show to answer any questions you may have about our activities. Come and take a look at the life-sized well head model, and talk to our team.

There is also a marquee area especially for the kids with lots of interactive activities.

We hope to see you there, please come and say hello.
