Dear Toni,

PEL 285: Approval to conduct Seismic Exploration Activities on PEL285

In accordance with Condition 1 of PEL285 granted under the provisions of the *Petroleum (Onshore) Act 1991*, the titleholder is hereby granted approval to conduct seismic exploration activities subject to the conditions set out below. These conditions are in addition to those previously attached to PEL285 and prevail to the extent of any inconsistency. A breach of these conditions is an offence under the *Petroleum (Onshore) Act 1991*.

ADDITIONAL CONDITIONS

General conditions

1. The works must be carried out at the location(s) and in accordance with the methods contained in:
 - “PEL285 Seismic Survey – Review of Environmental Factors – Gloucester Shire Council – 1 November 2011”

Except as amended by the following conditions.

2. The seismic survey must not commence until all approvals have been granted by the relevant road authorities.

Monitoring and Compliance

3. The Director Environmental Sustainability must be informed immediately if any aspects of the works are not consistent with the activities described and presented in the Review of Environmental Factors.
4. Any incident or complaint, including any noise and / or vibration complaint, must be reported to the Director Environmental Sustainability at the earliest opportunity.

Should you wish to discuss any details of this approval, please contact Monique Meyer directly on 0429168008

Yours sincerely,

Michael McFadyen
Manager Environmental Operations
