Customer Charter

This charter outlines what you can expect as our customer. It's also a benchmark against which we measure our service to you.

Here's what you can expect from us

We're always here to help

You can speak to someone 24 hours a day, 7 days a week. We will answer your calls promptly and we also provide some self-service options by phone and online at agl.com.au. We will respond to written enquiries within 5 business days allowing for delivery and 2-3 days for online enquiries. If you have visual or hearing disabilities, let us know so we can give you assistance with account or billing enquiries. Also tell us if you have any life support or critical power requirements.

You are important to us. If we don't meet your expectations, we want to change that and bring about a speedy resolution. Refer to the Dispute Resolution Policy chapter for more information.

You have a choice of Energy Plans

Your Energy Plan represents a contract with us. You can choose either a Market Contract or a Standard Retail Contract. A Market Contract offer will specify any special discounts and incentives, as well as outlining prices, fees and charges and may include an Early Termination Fee. Under a Market Contract, you may be offered an Energy Plan with either variable or fixed rates. Variable rates can change at any time during your Energy Plan, with written notice to you. Fixed rates will not change for the duration of your current Energy Plan Period. If you choose a Standard Retail Contract, the terms are subject to regulatory oversight and variations to prices are published on our website and in major newspapers. A 10 Business Day Cooling-off Period applies to both contract types. If you move into a property without contacting a Retailer to set up an account you will be deemed, under regulations, to have a contract with the current Retailer responsible for that property.

We're your energy Retailer

As your energy Retailer, we are responsible for arranging the connection of electricity and/or gas to your property, sending you bills and looking after your energy needs. If you live in New South Wales, Queensland or South Australia, we are also responsible for appointing a Metering Service Provider to install and maintain your electricity Meter. We can also offer you a range of services, including access to tradespeople, energy efficiency advice and solar solutions. An energy Retailer is different to a Distributor. Your Distributor, who is independent of AGL, owns and is responsible for the electricity poles and wires, gas pipes and gas meters in your area (and electricity meters in Victoria). They're also responsible for distributing the energy to your property. Because of this, your Distributor will remain the same regardless of which Retailer you sign up with. Distributors are also responsible for performing many of the services you can request through your Retailer, including reading your Meter (if you have a non-digital Meter or if your premises is in Victoria), and restoring network faults. Go to agl.com.au/distributors to check who your Distributor is. This information is also listed on your bill.

Connecting your property and installing a new Meter

When you sign up for a new account with AGL at your current property, we need to read your Meter to establish your new AGL account. If there is no clear and safe access to the Meter, let us know so that we can make alternative arrangements to obtain the Meter Reading.

Where you need a new electricity or gas meter to be installed, we will work with your Distributor or Meter Service Provider to determine the availability of supply and get a new Meter installed.

Your bills will be clear and easy to read

If you're a residential or small business customer, we will send you a bill at least every 3 months (2 months for Victorian gas customers). Alternatively,

we can agree to a different billing frequency with you, such as monthly billing.

Your bill will show how much energy you've used based on an actual Meter Reading whenever possible. When we cannot obtain an actual Meter Read, your bill will be based on an estimate of your energy usage. If there is no clear and safe access to the Meter, let us know so that we can look at alternative arrangements for your Meter Readings.

If your bill is higher or lower than expected, call us and we'll explore why. If we need to investigate further, we'll do so as quickly as possible. All fees will be clearly set out in your Energy Plan and clearly displayed on your bill. We'll let you know of any changes to these. In the unlikely event that you are overcharged, we'll let you know and make sure you are reimbursed. If we've undercharged you, subject to regulatory limitations, we may recover that amount from you with a reasonable payment plan that we will agree with you.

You have a choice of convenient ways to pay

We offer a range of convenient bill payment methods including Direct Debit, BPAY and Paypal. All options are listed on the back of your bill. If you're a residential or small business customer, you also have the option of Bill Smoothing to help spread the cost of your energy bills across equal instalments.

If you are having difficulty paying, we can help

We offer flexible payment options and energy efficiency advice to help you get back on track. If you are a residential customer experiencing ongoing financial difficulties, we have a range of support to assist you, including our Staying Connected program.

What happens if you don't pay a bill?

If you don't pay your bill by the due date and haven't made alternative arrangements with us, we may, as a last resort, disconnect your energy supply. We will contact you beforehand, but request you please contact us if at any time you are unable to make payment.

Disconnecting and reconnecting your Meter

Under certain circumstances, AGL reserves the right to disconnect your supply. These include if you don't allow us safe access to your Meter or Supply Address (and we have made all required efforts to contact you); if you have sourced energy illegally; if you are in breach of your energy contract or any Regulatory Requirements; or if you do not provide the acceptable identification required by your contract.

If you are a residential or small business customer and you have been disconnected, we will lodge a request for reconnection of your energy supply within 24 hours of your request once you have fixed the problems leading to your disconnection and have paid (or made arrangements to pay) any outstanding amounts.

We'll help make moving a little easier

We understand that moving can be stressful and there's always so much to do. With AGL's Move-in Guarantee, you can enjoy peace of mind knowing the power will be on at your new home the day you move in. Simply visit agl.com.au/move or call us on **131 245** any time, at least one business day before your scheduled move date to arrange connection. If you are in a regional area, please contact us at least 10 Business Days before your move. We may also need you to arrange safe and clear access to the electricity Meter to complete the connection. We'll keep you up to date on this process via SMS updates, and arrange for a final Meter Read and a bill for your former property to be sent to you. Eligibility criteria applies to the Move-in Guarantee, including the notice periods listed above and safe access to your electricity Meter. Customer credits for late connection are available. Visit our website or call us for more details.

In most instances, gas supply will not be disconnected, but please call us one business day in advance to arrange a final reading at your old property and provide us with your new address.

We can help you find ways to be more energy efficient

We can offer a number of ways to help you manage your energy, including energy audits and energy efficiency tips. Call us or visit **agl.com.au/energyefficiency** to find out more.

Safe use of your energy

Make sure that you use energy in a safe and legal manner. Do not tamper with or bypass the meter. Keep vegetation clear from power lines and ensure clear access to your meter. If you suspect a fault, call the faults number provided on your bill.

Terms and conditions for Standard Retail Contracts

This contract is about the sale of energy to you as a small customer at your premises. It is a standard retail contract that starts without you having to sign a document agreeing to these terms and conditions.

In addition to this contract, the energy laws and other consumer laws also contain rules about the sale of energy and we will comply with these rules in our dealings with you. For example, the National Energy Retail Law and the National Energy Retail Rules ('the Rules') set out specific rights and obligations about energy marketing, payment methods and arrangements for customers experiencing payment difficulties.

Note for Victorian customers: For Victorian customers, until the National Energy Retail Law and the National Energy Retail Rules are adopted in Victoria (referred to as 'NECF implementation in Victoria'), the energy laws applicable in Victoria are the *Electricity Industry Act 2000*, the *Gas Industry Act 2001* and the Energy Retail Code made by the Essential Services Commission. For customers in Victoria, prior to NECF implementation in Victoria all references to the National Energy Retail Law and Rules in this contract should be read as references to the Energy Retail Code unless stated otherwise.

You also have a separate contract with your distributor, called a customer connection contract. The customer connection contract deals with the supply of energy to your premises and can be found on your distributor's website.

Note for Victorian customers: There are no gas customer connection contracts in Victoria.

More information about this contract and other matters is on our website agl.com.au

1. The parties

This contract is between:

AGL who sells energy to you at your premises (in this contract referred to as "we", "our" or "us"); and

You, the customer to whom this contract applies (in this contract referred to as "you" or "your").

2. Definitions and interpretation

- (a) Terms used in this contract have the same meanings as they have in the National Energy Retail Law and the Rules. However for ease of reference, a simplified explanation of some terms is given at the end of this contract.
- (b) Where the simplified explanations given at the end of this contract differ from the definitions in the National Energy Retail Law and the Rules, the definitions in the National Energy Retail Law and the Rules prevail.

3. Do these terms and conditions apply to you?

3.1 These are our terms and conditions

This contract sets out the terms and conditions for a standard retail contract for a small customer under the National Energy Retail Law and the Rules.

3.2 Application of these terms and conditions

These terms and conditions apply to you if:

- (a) you are a residential customer; or
- (b) you are a business customer who is a small customer; and
- (c) you request us to sell energy to you at your premises; and
- (d) you are not being sold energy for the premises under a market retail contract.

3.3 Electricity or gas

Standard retail contracts apply to electricity and gas, but some terms may be expressed to apply only to one or the other. If we are your retailer for both electricity and gas, you have a separate contract with us for each of them.

4. What is the term of this contract?

4.1 When does this contract start?

This contract starts on the date you satisfy any pre-conditions set out in the National Energy Retail Law and the Rules, including giving us acceptable identification and your contact details for billing purposes.

4.2 When does this contract end?

- (a) This contract ends:
 - (i) if you give us a notice stating you wish to end the contract – subject to paragraph (b), on a date advised by us of which we will give you at least 5 but no more than 20 business days' notice; or
 - (ii) if you are no longer a small customer –
 - (A) subject to paragraph (b), on a date specified by us, of which we will give you at least 5 but no more than 20 business days' notice; or
 - (B) if you have not told us of a change in the use of your energy – from the time of the change in use; or
 - (iii) if we both agree to a date to end the contract – on the date that is agreed; or
 - (iv) if you start to buy energy for the premises from us or a different retailer under a customer retail contract – on the date the customer retail contract starts; or
 - (v) if a different customer starts to buy energy for the premises – on the date that customer's contract starts; or
 - (vi) if the premises are disconnected and you have not met the requirements in the Rules for reconnection – 10 business days from the date of disconnection.
- (b) If you do not give us safe and unhindered access to the premises to conduct a final meter reading (where relevant), this contract will not end under paragraph (a) (i) or (ii) until we have issued you a final bill and you have paid any outstanding amount for the sale of energy.
- (c) Rights and obligations accrued before the end of this contract continue despite the end of the contract, including any obligations to pay amounts to us.

4.3 Vacating your premises

- (a) If you are vacating your premises, you must provide your forwarding address to us for your final bill in addition to a notice under clause 4.2(a)(i) of this contract.

- (b) When we receive the notice, we must use our best endeavours to arrange for the reading of the meter on the date specified in your notice (or as soon as possible after that date if you do not provide access to your meter on that date) and send a final bill to you at the forwarding address stated in your notice.
- (c) You will continue to be responsible for charges for the premises until your contract ends in accordance with clause 4.2 of this contract.

This is the role of your distributor under a separate contract called a customer connection contract.

For Victorian customers:

This is the role of your distributor under a separate contract called a customer connection contract.

Note for Victorian customers: There are no gas customer connection contracts in Victoria.

7. Our liability

- (a) The quality and reliability of your electricity supply and the quality, pressure and continuity of your gas supply is subject to a variety of factors that are beyond our control as your retailer, including accidents, emergencies, weather conditions, vandalism, system demand, the technical limitations of the distribution system and the acts of other persons (such as your distributor), including at the direction of a relevant authority.
- (b) To the extent permitted by law, we give no condition, warranty or undertaking, and we make no representation to you, about the condition or suitability of energy, its quality, fitness for purpose or safety, other than those set out in this contract.
- (c) Unless we have acted in bad faith or negligently, the National Energy Retail Law excludes our liability for any loss or damage you suffer as a result of the total or partial failure to supply energy to your premises, which includes any loss or damage you suffer as a result of the defective supply of energy.

Note for Victorian customers: Prior to NECF implementation in Victoria, the reference to the NERL in clause 7(c) is a reference to, in the case of electricity, s.120 of the National Electricity Law as set out in the Schedule to the *National Electricity (South Australia) Act 1996* or, in the case of gas, to s.232 of the Gas Industry Act or s.33 of the *Gas Safety Act 1997*.

8. Price for energy and other services

8.1 What are our tariffs and charges?

- (a) Our tariffs and charges for the sale of energy to you under this contract are our standing offer prices. These are published on our website and include your distributor's charges.
- (b) Different tariffs and charges may apply to you depending on your circumstances. The conditions for each tariff and charge are set out in our standing offer prices.

8.3 Variation of tariff due to change of use

If a change in your use of energy means you are no longer eligible for the particular tariff you are on, we may transfer you to a new tariff under our standing offer prices:

- (a) if you notify us there has been a change of use – from the date of notification; or
- (b) if you have not notified us of the change of use – retrospectively from the date the change of use occurred.

8.4 Variation of tariff or type of tariff on request

- (a) If you think you satisfy the conditions applying to another tariff or type of tariff under our standing offer prices, you can ask us to review your current circumstances to see whether that tariff or type of tariff can apply to you.
- (b) If you meet the requirements for another tariff or type of tariff and request us to do so, we must:
 - (i) transfer you to that other tariff within 10 business days; or
 - (ii) transfer you to that other type of tariff from the date the meter is read or the type of meter is changed (if needed).

8.5 Changes to tariffs or type of tariff during a billing cycle

If a tariff applying to you changes during a billing cycle, we will calculate your next bill on a proportionate basis.

This information applies to New South Wales, Queensland and South Australian customers:

8.6 GST

- (a) Amounts specified in the standing offer prices from time to time and other amounts payable under this contract may be stated to be exclusive or inclusive of GST. Paragraph (b) applies unless an amount is stated to include GST.
- (b) Where an amount paid by you under this contract is payment for a “taxable supply” as defined for GST purposes, to the extent permitted by law, that payment will be increased so that the cost of the GST payable on the taxable supply is passed on to the recipient of that taxable supply.

This information applies to Victorian customers:

8.6 GST

Amounts specified in the standing offer prices from time to time and other amounts payable under this contract are inclusive of GST.

9. Billing

9.1 General

We will send a bill to you as soon as possible after the end of each billing cycle. We will send the bill:

- (a) to you at the address nominated by you; or
- (b) to a person authorised in writing by you to act on your behalf at the address specified by you.

9.2 Calculating the bill

Bills we send to you (‘your bills’) will be calculated on:

- (a) the amount of energy consumed at your premises during the billing cycle (using information obtained from reading your meter or otherwise in accordance with the Rules); and
- (b) the amount of fees and charges for any other services provided under this contract during the billing cycle; and
- (c) the charges payable for services provided by your distributor, including connection charges if you have asked for a new connection or connection alteration and have not made alternative arrangements with your distributor.

9.3 Estimating the energy usage

- (a) We may estimate the amount of energy consumed at your premises if your meter cannot be read, if your metering data is not obtained (for example, if access to the meter is not given or the meter breaks down or is faulty), or if you otherwise consent.

Note for Victorian customers: In Victoria, a retailer must obtain a customer's 'explicit informed consent' to base the customer's bill on an estimation, unless the meter cannot be read or the metering data is not obtained.

- (b) If we estimate the amount of energy consumed at your premises to calculate a bill, we must:
 - (i) clearly state on the bill that it is based on an estimation; and
 - (ii) when your meter is later read, adjust your bill for the difference between the estimate and the energy actually used.
- (c) If the later meter read shows that you have been undercharged, we will allow you to pay the undercharged amount in instalments, over the same period of time during which the meter was not read (if less than 12 months), or otherwise over 12 months.
- (d) If the meter has not been read due to your actions, and you request us to replace the estimated bill with a bill based on an actual reading of the meter, we will comply with your request but may charge you any cost we incur in doing so.

For New South Wales, Queensland and South Australian customers:

9.4 Your historical billing information

Upon request, we must give you information about your billing history for the previous 2 years free of charge. However, we may charge you if you require information going back more than 2 years or we have already given you this information:

- (a) 4 times in the previous 12 months, where this contract relates to electricity; or
- (b) in the previous 12 months, where this contract relates to gas.

9.4A Your electricity (only) consumption information

Upon request, we must give you information about your electricity consumption for up to 2 years free of charge. However, we may charge you if:

- (a) we have already given you this information 4 times in the previous 12 months; or
- (b) the information requested is different in manner or form to any minimum requirements we are required to meet; or
- (c) the information is requested by a representative you have authorised to act on your behalf, and that request is part of a request the representative makes to us in relation to more than one customer.

For Victorian customers:

9.4 Your historical billing information

Upon request, we must give you information about your billing history for the previous 2 years free of charge. However, we may charge you if we have already given you this information in the previous 12 months, or if you require information going back more than 2 years.

9.5 Bill smoothing

We may, where you agree, arrange for you to pay your bills under a bill smoothing arrangement, which is based on a 12 monthly estimate of your energy consumption.

10. Paying your bill

10.1 What you have to pay

You must pay to us the amount shown on each bill by the date for payment (the pay-by date) on the bill. The pay-by date will be no earlier than 13 business days from the date on which we issue your bill.

10.2 Issue of reminder notices

If you have not paid your bill by the pay-by date, we will send you a reminder notice that payment is required. The reminder notice will give you a further due date for payment which will be not less than 6 business days after we issue the notice.

For New South Wales, Queensland and South Australian customers:

10.3 Difficulties in paying

Dispute Resolution Policy

Not satisfied? We want to hear from you so we can make things right.

Effective 1 July 2019

How our Complaint Handling and Dispute Resolution Procedure works

If you have a complaint about any aspect of our products or services, please call us or write to us so that we can resolve your concerns. A complaint is an expression of dissatisfaction made to us whereby a resolution or response is expected (either explicitly or implicitly). Our aim is to resolve your complaint as quickly as we can. On some occasions we will be able to do this at the time you call. However, more complex problems may need to be looked into further before we can get back to you. If we need more information from you, we will contact you. You can always call us for an update on how we're going with the resolution of your complaint.

For more information about your rights in relation to estimated bills (including Self Service Meter Reads), privacy and hardship, visit **agl.com.au/yourrights**

Our Complaint Resolution Procedure

We offer a simple approach to addressing complaints about our products and services. Our customer service representatives will work with you to resolve any issues quickly, fairly and collaboratively. Your privacy is important to us, and all complaints are treated confidentially.

Many complaints are resolved within a few days. More complex matters may take a little longer, but we will keep you updated.

We expect our employees to treat you with respect throughout the process. We kindly request the same in return to reach a fair and reasonable outcome for both parties.

Step 1. Customer Solutions

If you experience a problem or wish to provide feedback, our Customer Solutions Team is your first point of reference. This team will investigate your concern and work with you to resolve it. This team can be contacted on **131 245** or online at **agl.com.au**. Feedback received about our products and services will be shared with relevant areas.

Step 2. Complaints

If you remain dissatisfied with the resolution you have received, your matter can be reviewed by our Complaints Specialists Team. This team can be contacted on **1800 775 329** (8am to 6pm AET, Monday to Friday) or by email at **complaints@agl.com.au**. For more information about our complaint management process, please refer to the AGL Standard Complaints and Dispute Resolution Policy.

Further help

Most matters can be resolved through our internal complaint process. We ask that you first provide us with the opportunity to explore all avenues in resolving your complaint. However, if you are not satisfied with the handling of your complaint, you may wish to seek further assistance from the Ombudsman. You can contact the Ombudsman at any time for free independent advice and information.
