# Paperwork Requirements

## **EWR(Electrical Workers Request)**

All relevant fields need to be completed.

**CES (Certificate of Electrical Safety)** will need to comply with standard network rules and be signed off by an inspector prior to connection.

**AGL Application Form (which includes Fee Acceptance for Installation)** completed and signed off by authorised representative.

**Please note – If paperwork is not entirely correct and/or fields are missing- process will restart resulting in a delay of up to 2 weeks**
