Dispute Resolution Policy.

How our complaints resolution procedure can help you.

In an ideal world, everything runs like clockwork. But in the real world sometimes things go wrong. When they do, we want to hear from you so we can make things right.

As a customer, you are important to us. If we don't meet your expectations, we want the chance to change that.

We have a complaints resolution procedure that we follow to bring about a speedy resolution. Here's how it works.

How our Complaint Handling and Dispute Resolution Procedure works

If you have a complaint with any aspect of AGL's service or products, please call us or write to us so that we can resolve your concerns. Our aim is to do this as quickly as we can. On some occasions we'll be able to do this at the time you call. However, more complex problems may need to be looked into further before we can get back to you. If this is the case, we'll try to resolve your complaint within 28 days of your original telephone call or receiving your letter. During this time if we need further information from you, we'll contact you and you can always call us for an update on how we're going with the resolution.
