Critical Information Summary

AGL **nbn**[®] employee plans (fixed line services^{*})

Here's a closer look at the ins and outs of our **nbn** employee plans.

| nbn Plan | | Home Basic Plus | Home Standard | Home Fast Plus | Home Superfast' | Home Ultrafast' | |
|----------|---|--|--------------------------------------|---------------------------------------|---------------------------------------|---------------------------------------|--|
| Plan | AGL nbn [®] plans are for an internet service, with optional AGL modem. | | | | | | |
| Speed | Speed tier (maximum possible off-peak speed, download/ upload) | 25/10 Mbps | 50/20 Mbps | 100/40 Mbps | 250/25 Mbps | 1000/50 Mbps | |
| | Typical busy period download/upload speeds (7pm to 11pm) | 25/8 Mbps | 50/18 Mbps | 100/34 Mbps | 250/23 Mbps | 860/43 Mbps | |
| | Data | Unlimited | | | | | |
| Cost | Minimum monthly fee | \$44 for eligible employees | \$56 for eligible employees | \$62 for eligible employees | \$68 for eligible employees | \$74 for eligible employees | |
| | Maximum monthly fee | \$74 without employee discount | \$94 without employee discount | \$104 without employee discount | \$114 without employee discount | \$124 without employee discount | |
| | Early termination fee | None. However, if you have purchased an AGL modem on a Device Payment Plan and you cancel within the Device Payment Plan period, you'll need to pay out your modem on your next bill. Buying a modem is optional on nbn plans. | | | | | |
| Term | Minimum term | 1 month | | | | | |

Fixed line services include Fibre to the Premise (FTTP), Fibre to the Curb (FTTC), Fibre to the Building (FTTB), Fibre to the Node (FTTN) and Hybrid Fibre Coaxial (HFC) technologies. ^AHome Superfast and Home Ultrafast are only available on FTTP and HFC technologies, and may not be available to all areas, homes or customers.

Check if we service your area

It's easy to find out if we can connect your home to the **nbn** network. Just go to <u>agl.com.au/getnbn</u> and enter your address. You'll be able to sign up to this plan if we're able to connect your home to the **nbn** network using a fixed line technology. Unfortunately, this plan isn't available for Sky Muster[®] satellite services or fixed wireless services. Depending on the type

of **nbn** technology your home is connected up with, nbn co may need to install an **nbn** connection box.

You'll need a compatible modem

You'll need an nbn compatible modem to set-up your connection. You can bring your own modem (BYO) or you can purchase a modem from us for an upfront payment (which will appear on your first invoice) starting from \$149, or on a Device Payment Plan DPP over 12 or 24 months (please see the <u>Device Payment Plan</u> terms for more details).

Modem purchase options are detailed on our modems page.

AGL is not responsible for any BYO modem that does not work on the **nbn** or our network, and we may not be able to support every device or do our usual tests to check if your **nbn** service is working properly.

Employee Offer

We'll apply a 40% monthly discount off your AGL **nbn** employee plan fees from the date we activate your service as long as you remain an eligible employee with AGL. This discount will appear as a credit against the account fee on your AGL Telecommunications bill. We may remove or vary this discount by giving you at least 20 business days written notice. If your AGL employment ends or you switch to a different provider, you'll no longer receive a discount from the month following the change.

Eligibility

To be eligible for this employee plan, you must:

Be, and continue to be, employed by Southern Phone Company Limited or AGL Energy Limited or any of its related bodies corporate (together, the AGL Group) as a permanent full or part time employee, employed on a fixed term basis, or be a casual employee who has been employed on a regular and systematic basis for a sequence of periods during the previous 12 months; and agree to be the account holder for each property that is registered for this employee plan and confirm that you are responsible for the billing of the account.

Billing and fees

Your account will be billed in advance, so your first bill will include fees for the upcoming month and any partial amount for your first month. That bill will land within 10 business days after we activate your service. Afterwards, your bills will arrive monthly and will include charges in advance for the minimum monthly fee, and in arrears for any usage not included in your plan. Below are some fees that may apply. For more detail on applicable fees please see our <u>Customer Terms.</u>

| Description of fee | Amount (incl. GST unless stated) |
|---|-------------------------------------|
| New development charge: This fee is charged by nbn co to connect you to the nbn network. It applies if you're in a new development or your property does not have an existing connection and isn't already connected to the nbn network. | \$300 |
| Incorrect call out fee: This is charged if a fault is lodged and a technician attends your premises and finds the fault is in your equipment and not in the network or equipment supplied by us. | \$220 |
| Paper bill fee: Applies to each paper bill. We prefer e-billing and most of our customers do too. It's free of charge and easy to set up. | \$1.75 |
| Late payment fee: We may apply this if you don't pay a bill by the due date. | \$10* |

Amount not subject to GST

It's easy to change your plan

If you need to change your plan, go for it. You can change at any time, up to once a month, with no fee.

If you upgrade your plan before the end of your monthly billing cycle, you'll just need to pay the difference between your current plan and new plan. If you move to a lower speed plan you won't receive a pro rata refund for fees paid in advance. There may be times we have to make changes to your plan, like updating fees or inclusions. If that happens, rest assured it will be strictly in line with our <u>Customer Terms</u>.

Speed and performance

Typical download speeds for our **nbn** plans (7pm-11pm) are based on past measurements across a range of locations and connection technologies. There may be times when your connection won't achieve these speeds. If that happens and we can't fix the issue, we can move you over to a lower speed plan so you only pay for the speeds your connection can deliver. Typical download speeds for our **nbn** plans (7pm-11pm) may increase or decrease over time and aren't guaranteed minimum speeds.

Acceptable Use

Our <u>Acceptable Use Policy</u> applies. If you choose not to follow the directions in the Policy, for example by using your plan unreasonably or fraudulently, we can take the actions mentioned in the Policy.

We're here to help

From **nbn** setup to Saturday night Netflix, we want you to have the best experience with AGL **nbn** services.

If there's anything you're not happy with, get in touch at <u>agl.com.au/contact.</u>

Check out our <u>Complaints Handling Policy</u> for information about the process. That way you'll know what to expect from us. Hopefully we'll be able to set things right. But if that's not the case, you can contact the Telecommunications Industry Ombudsman on 1800 062 058 or visit <u>tio.com.au</u>.
