Critical Information Summary

AGL **nbn**[®] plans (fixed line internet services^{*})

Here's a closer look at the ins and outs of our monthly **nbn** plans. AGL **nbn** plans are for an internet service, with optional AGL modem.

Plan		Home Basic	Home Standard	Home Fast	Home Fast X	Home Ultrafast	Home Hyperfast	
Connection Type*	FTTN	✓	✓	✓				
	FTTB	✓	✓	✓				
	FTTC	✓	✓	✓				
	FTTP	✓	✓		✓	✓	✓	
	HFC	✓	✓		✓	✓	✓	
Speed	Maximum possible download/upload speeds (off-peak)	25/5 Mbps	50/20 Mbps	100/20 Mbps	500/50 Mbps	1000/100 Mbps	2000/100 Mbps (HFC)	
							2000/200 Mbps (FTTP)	
	Typical busy period download/ upload speeds (7pm to 11pm)	25/4 Mbps	50/18 Mbps	100/19 Mbps	We'll provide typical busy period speeds when sufficient data is available.	We'll provide typical busy period speeds when sufficient data is available	We'll provide typical busy period speeds when sufficient data is available.	
	Data	Unlimited						
Cost	Minimum monthly fee with AGL Energy	\$59	\$79	\$89	\$89	\$109	\$149	
	Maximum monthly fee without AGL Energy	\$74	\$94	\$104	\$104	\$124	\$164	
	Minimum term	1 month						
	Early termination fee	None						

^{*}Fixed line services include Fibre to the Premise (FTTP), Fibre to the Curb (FTTC), Fibre to the Building (FTTB), Fibre to the Node (FTTN) and Hybrid Fibre Coaxial (HFC) technologies. Home Fast X, Home Ultrafast and Home Hyperfast are only available on FTTP and HFC technologies, and may not be available to all areas, homes or customers.

Check if we service your area

It's easy to find out if we can connect your home to the **nbn** network. Just go to <u>agl.com.au/getnbn</u> and enter your address. You'll be able to sign up to this plan if we're able to connect your home to the **nbn** network using a fixed line technology. Unfortunately, these plans aren't available for Sky Muster® satellite services or fixed wireless services. Depending on the type of **nbn** technology your home is connected up with, **nbn** co may need to install an **nbn** connection box.

Bundle with AGL and save

We'll apply a monthly discount of \$15 (inclusive of GST) to your chosen AGL **nbn** plan from the date we activate your service so long as you keep your AGL Energy plan (gas or electricity) active and in your name. This discount will appear as a credit against the account fee on your AGL Telecommunications bill. If your AGL Energy plan ends or you switch to a different provider, you'll no longer receive this discount from the following billing period.

You'll need a compatible modem

You'll need an **nbn** compatible modem to set-up your connection. You can bring your own modem (BYO) or you can purchase a modem from us either upfront (the Device Charge will appear on your first invoice) or on a Device Payment Plan where Device Charges are spread over 12 or 24 months. Please note that if you cancel your **nbn** plan or your Device Payment Plan before the plan ends, you will need to pay your remaining Device Charges (prorated to the day of cancellation) included as a lump sum on your next bill (please see the <u>Device Payment Plan</u> terms for more details). Modem purchase options are detailed on our <u>modem page</u>. AGL is not responsible for any BYO modem that does not work on the **nbn** or our network, and we may not be able to support every device or do our usual tests to check if your **nbn** service is working properly.

Billing and fees

Your account will be billed in advance, so your first bill will include fees for the upcoming month and any partial amount for your first month. That bill will land within 10 business days after we activate your service. Afterwards, your bills will arrive monthly and will include charges in advance for the minimum monthly fee, and in arrears for any usage not included in your plan. Below are some fees that may apply. For more detail on applicable fees please see our <u>Customer Terms</u>.

Description of fee	Amount (incl. GST unless stated)
New development charge: This fee is charged by nbn co to connect you to the nbn network. It applies if you're in a new development or your property does not have an existing connection and isn't already connected to the nbn network.	\$300
Incorrect call out fee: This is charged if a fault is lodged and a technician attends your premises and finds the fault is in your equipment and not in the network or equipment supplied by us.	\$220
Paper bill fee: Applies to each paper bill. We prefer e-billing and most of our customers do too. It's free of charge and easy to set up.	\$1.75
Late payment fee: We may apply this if you don't pay a bill by the due date.	\$10 [*]

^{*}Amount not subject to GST

It's easy to change your plan

If you need to change your plan, go for it. You can change at any time, up to once a month, with no fee. If you upgrade your plan before the end of your monthly billing cycle, you'll just need to pay the difference between your current plan and new plan. If you move to a lower speed plan you won't receive a pro rata refund for fees paid in advance. There may be times we have to make changes to your plan, like updating fees or inclusions. If that happens, rest assured it will be strictly in line with our <u>Customer Terms</u>.

Speed and performance

Typical download speeds for our **nbn** plans (7pm-11pm) are based on past measurements across a range of locations and connection technologies. There may be times when your connection won't achieve these speeds. If that happens and we can't fix the issue, we can move you over to a lower speed plan so you only pay for the speeds your connection can deliver. Typical download speeds for our **nbn** plans (7pm-11pm) may increase or decrease over time and aren't guaranteed minimum speeds.

Acceptable Use

Our <u>Acceptable Use Policy</u> applies. If you choose not to follow the directions in the Policy, for example by using your plan unreasonably or fraudulently, we can take the actions mentioned in the Policy.

We're here to help

From **nbn** setup to Saturday night Netflix, we want you to have the best experience with AGL **nbn** services. If there's anything you're not happy with, get in touch at <u>agl.com.au/contact</u>. Check out our <u>Complaints Handling Policy</u> for information about the process. That way you'll know what to expect from us. Hopefully we'll be able to set things right. But if that's not the case, you can contact the Telecommunications Industry Ombudsman on **1800 062 058** or visit <u>tio.com.au</u>.
